Bomb Set Off in Houston School, 6 Die, 18 Hurt

HOUSTON, Tex. (AP)—An explosion police said may have been set off by a homemade bomb shook the Poe Elementary School today. Police dispatchers said at least six children and adults were killed and at least 18 injured.

The FBI was called in after teachers and students said a man carrying a suitcase was on the campus at the time of the explosion.

"Some of them have their legs and arms blown off," said Mrs. Cora Bryan McRae, a former Houston Chronicle reporter who lives nearby. "They are horribly mangled."

Police said one body was that of a man seen carrying a suitcase on the campus.

Newspaper reporters at the scene said many students were injured. Early reports estimated the injured at from 25 to 30.

Mothers rushed to the school, some screaming, "Where is my child?"

There were conflicting reports as to whether the explosion occurred in the kitchen or in a hallway at the rear of the building.

"Police told me a man came into the hallway with a suitcase and about that time the explosion occurred," said John Harris, Houston Chronicle reporter who arrived at the scene shortly after the explosion. "The man was killed, Harris said."

Mrs. D. H. Hunt, a teacher said a boy came running to her during recess and said there was a man in the schoolyard with a suitcase "with a button on it."

The student quoted the man as saying he was going to punch the button.

Mrs. Hunt said she and another teacher started to evacuate the children but the explosion occurred before they could get out of the building.

Weldon Appelt, who was a block away when the blast occurred, said:

"I counted four bodies. One boy was completely devoid of clothes and a little girl had been blown over 100 feet."

"The teachers did a marvelous job. In the minute it took us to get to the school they had all the other children outside."

One Injured in Series of Auto Accidents

A rash of accidents yesterday resulted in charges filed in two cases, one person seriously hurt and heavy property damage.

William Smith, Negro employee of Nunn-Pentecost Auto Agency, suffered two broken ribs and both collarbones fractured when an auto which he was in process of jacking up, fell on him. He was rushed to a local hospital for treatment. Further X-rays were to be made today. Although painful his condition was not considered critical.

Yesterday, an auto driven by Gladys Fisher, Negro, rammed the back of another driven by Russel Scoggins with minor damage resulting. He Fisher woman was charged with hazardous driving and no driver's license by Investigating City Police.

Earlier yesterday an auto driven by Mrs. M. T. Windsor went out of control as she turned it from Main onto 14th Street. The vehicle overturned and hit a tree. The occupants escaped injury. The auto was badly damaged. Officers Sinyard and Rothwell said.

A parked car owned by Henry Smith was hit by a pickup truck which failed to stop. Witnesses got the license number. City Police issued a warrant for Marshall Bailey as driver of the truck. The Smith auto had fender damage.

Groundbreaking for New Boat Plant

MORRILTON, Ark. (AP)—The groundbreaking ceremony for a new Crestliner Boat factory will be held here Friday, with Gov. Orval C. Faubus and Sen. John McClellan (D-Ark) taking part.

The plant will cost \$600,000. Local officials and Crestliner president Edson P. Williams also will participate in the groundbreaking.

Congress Quits Before Arrival of Red Premier

By JOE HALL

WASHINGTON (AP)—Congress closed out its long and—often frustrating 1959 session early today. Final adjournment came only five hours before Soviet Premier Nikita Khrushchev was due in Washington.

The House quit at 6:21 a.m. and the always more leisurely Senate hurried to quit three minutes later, ending the longest continuous session since the Korean War year of 1951.

An hour before adjourning, Senate leaders woke President Eisenhower with a call to the White House, made at his request. They reported they were about ready to quit, and he replied he had nothing more to ask of them this year.

The weary legislators left behind a heavy load of business for their 1960 national election session, starting next Jan. 3.

The final adjournment just before Khrushchev's scheduled arrival pleased some of the members who sought to make sure there would be no occasion for an address by the Premier to the Congress.

Others, who wanted a face-to-face meeting with the Soviet leader, were satisfied with a session arranged by the Senate Foreign Relations Committee at the Capitol Wednesday afternoon.

For the Senate, adjournment ended a 21½ hour session starting at 9 a.m. Monday to clean up the final business of the first session of the 86th Congress.

Congress' final action was to appropriate \$3,225,613,000 for foreign aid and about 480 million dollars for miscellaneous other purposes. The aid total 320 million less than Congress had authorized in an earlier bill, was a compromise of Senate and House figures.

Also approved, as part of the bill, was a two-year extension of the life of the Civil Rights Commission otherwise due to die in November. It was given \$500,000 in new funds to continue its work in the next year.

The session's end was delayed by a lengthy conference on the foreign aid bill onto which had been tacked a number of cleanup money matters and the Civil Rights Commission's extension.

Probably the most noteworthy acts of the 1959 session were to admit Hawaii as the 50th state and to pass a far-reaching labor regulation bill.

But the list of major bills left over for what must be a far shorter session next year is longer than the roll of 1959 accomplishments for an early July adjournment. Congress then will be divided, in advance of the Democratic national convention meeting July 11 in Los Angeles.

The head-over list includes civil rights, a general farm bill, aid to education, minimum wage legislation, aid for the depressed areas, broadening of social security, and perhaps general tax revision.

On several important issues, the Democratic leadership got legislation passed this year, but reduced far below expectations at the start of the session.

In this category were housing, highways, and aid for airport construction.

Paper Mill Blasts Kill Three Men

EVADALE, Tex. (AP)—Two explosions Monday at a paper mill in a car parked in Trinity Park, near a small pond, when the Negroes appeared on each side of the automobile.

Officers quoted the report as saying one of the Negroes struck him over the head with a pipe as he pleaded with them not to harm the girl.

The girl broke away and ran, but was chased down and dragged into a wooded area and then to Trinity River levee. The man, who feigned unconsciousness after he was struck, ran to a filling station nearby to call police.

President on Hand to Greet Soviet Leader

By WILLIAM L. Ryan

WASHINGTON (AP)—Nikita S. Khrushchev's huge airliner landed today on American soil.

The leader of world communism and the Soviet Union completed the first leg of a precedent-shattering journey to see the United States and talk with President Eisenhower on cold war issues.

Eisenhower and high-ranking U.S. leaders were on hand for the first visit in history to this country by the head of a Soviet government.

Also waiting at Andrews Air Force Base for the roly-poly Soviet ruler was the tightest security network of all time for a visiting dignitary.

Early morning reports said the great Russian plane was delayed by headwinds over the Atlantic. But as the morning wore on the turbo-prop made up some of its lost time, and the delay was not as great as some expected.

At the airport, all had been in readiness for hours before the Soviet leader's TU114 finally touched down.

Early in the day, more than 4,000 security guards lined the 15-mile route into Washington from the air force base.

Special armed guards policed the airstrip.

Along the tree-lined parkway leading from the airfield to Washington—Khrushchev's route from the airport—the security men took up their posts early, prepared for virtually any contingency.

Meanwhile, just plain spectators sought places of vantage.

And everywhere swarms of newsmen and photographers, Soviet and American, were in evidence.

Because of the scrambled arrival schedule Eisenhower twice changed his plans for getting to the airport. Originally he had expected to go by car, then ordered up a helicopter, and still later he called for a car once more.

It was a clear, sparkling day and the temperature was in the 70s.

Countdown on Last of the Vanguard

By BEN FUNK

CAPE CANAVERAL, Fla. (AP)—The countdown reached zero today on the last of the Vanguard rockets, but an attempt to launch it with a 100-pound satellite was abandoned because of undisclosed technical difficulties.

An informed source said the firing button was pressed but it failed to send the necessary signal to the ignition system.

It was trouble that couldn't be fixed quickly, so the Vanguard crew decided at 2:40 a. m. to go home and try again later. There was no immediate decision on when that will be.

The satellite included a 50-pound payload and the 50-pound third stage of the rocket, which will remain attached to the satellite. Its job will be to measure X-rays and the more dangerous earth's magnetic field, solar pockets of radiation around which man will want to detour when he flies in the moon.

Trouble is no stranger to the Vanguard program. A victim of circumstances, the slim, 72-foot rocket has been plagued with technical difficulties since its beginning.

The first Vanguard was rushed to a launching stand, long before it was ready, in a frantic effort to get a satellite into orbit and give face for America after the Soviet Union launched Sputnik I. The fledgling Vanguard blew up on its pad Dec. 6, 1957.

Since that time, Vanguard rockets have launched two satellites, the so-called "grapefruit" and "basketball" moons, in nine tries.

Klan Member Arrested in Bombing Case

LITTLE ROCK (AP)—Police disclosed today a house painter who admitted membership in the Ku Klux Klan has been arrested in connection with Little Rock Labor Day bombings.

Richard Heiney, 51, was arrested last night and booked on an open charge. He was the sixth man picked up in the case.

Detective Capt. A. M. Haynie said Heiney was being questioned but did not indicate the line of interrogation.

The detective quoted Heiney as saying he was a Klansman.

Two of the five men arrested previously were free on bond. The five are scheduled to be arraigned Friday.

Independents Have Dial Service Now

HOT SPRINGS, Ark. (AP)—About 75 per cent of Arkansas' 205 independent telephone exchanges now have dial service, the president of the Arkansas Telephone Assn. said yesterday.

J. D. Garrett Jr. of Lewisville said this compares with dial service of 73 per cent in Texas and less than 50 per cent in Oklahoma, Missouri and Kansas.

The Arkansas Telephone Assn., a group of 56 independent telephone companies, will end its annual convention today.

Feeder Calf Sale Totals \$41,132 Here

The Farmers Ranchers Feeder Calf Producers Association held its second annual sale at the Sutton Livestock Auction last week-end, according to W. L. Williams, president and Ray Lawrence, secretary.

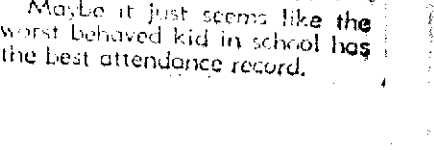

The Statistic are as follows: 141 heifers and 204 steers were sold for a total of \$41,132.23. The steers weighed a total of 11,645 pounds for an average weight of 405 pounds. The heifers weighed 55,220 pounds for an average of 392 pounds.

The highest price group of steers brought \$39.00 per cwt and the highest price group of heifers brought \$29.10 per cwt in contrast to the lowest price group of steers which brought \$25.00 per cwt and the lowest price group of heifers brought \$24.00.

The average price paid for steers was \$27.75 per cwt and the heifers averaged \$25.75 per cwt.

The variation in price was influenced by condition, weight, quality grade and buyer preference. Some of the cattle were purchased to put on range and some to put in the feed lot.

The cattle were shipped to Texas, Oklahoma, Missouri, Illinois, Indiana and other parts of Arkansas. The grading was done by Robert Hallmark, Animal Husbandman, with the Extension Service and A. L. Owens, Extension Livestock Marketing Specialist.

Pickets Greet Race Mixing at New York

NEW YORK (AP)—Picketing, and a stay-at-home boycott by at least a fourth of the white pupils in the Glendale-Ridgewood area of Queens, greeted the arrival today of Negro and Puerto Rican pupils transferred from Brooklyn.

Large signs saying "Blacks at home" appeared in front of one school during the night. They were painted out before the students from Brooklyn's Bedford-Stuyvesant area arrived in front of three of the schools, however.

Most of the 363 pupils scheduled for transfer showed up, and they entered the five schools involved without difficulty. White parents picketed in front of three of the schools, however.

The schools are in an almost entirely white area of Queens, and had a total registration of about 2,300 excluding the transfer from Brooklyn. More than 900 pupils stayed at home, authorities estimated.

Some white parents in the Glendale-Ridgewood areas have held angry meetings and parades in recent months to protest the transfer of the Negro and Puerto Rican children.

Their contention: the transfers were an illegal use of public funds to force integration.

In denying the charge, the city said the transfers were made to move pupils from overcrowded schools in Brooklyn.

Before the transfers, the five schools involved were almost entirely white. There is no segregation by law in New York City but sometimes neighborhood patterns create school populations almost totally white or Negro.

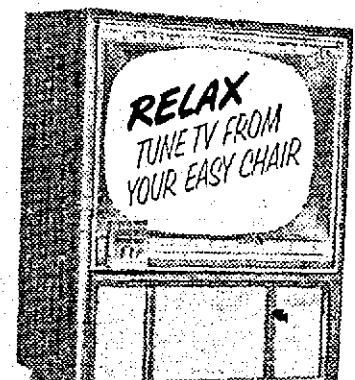

Sinsyuku is the name of the street in Tokyo which corresponds to New York's Broadway as the center of theaters and night clubs.

RUNWAY REALISM—Before they even step into the cockpit of the new DC-8 jetliner, pilots at United Airlines training center in Denver, Colo., will have racked up 20 hours practicing take-offs, landings and other flight situations in the new craft. It's all done with the help of an electronic training aid known as a flight simulator. As photograph and diagram above show, a closed-circuit TV system enables pilots in an authentic mock-up cabin to get realistic experience in control

of the huge jet plane. The TV camera is directed by the movement of the controls in the pilot's hands, creating a startling illusion of actual flight. Even engine sounds are duplicated and all instruments function as in flight. By flipping certain switches, an instructor can cause emergency conditions, such as malfunction in an engine. The whole program results in the rapid, safe and efficient training of crews for the new jet age. Simulator was built by Link Aviation, Inc.

No Doubt That Soviet Rocket Hit the Moon

WASHINGTON (AP)—Evidence obtained by Western world instruments backs up the Soviet Union's announcement that the Soviet moon rocket actually hit the moon, American space officials said today.

"We're satisfied," said a spokesman for the National Aeronautics and Space Administration. "NASA at the same time said it had no information on any Soviet moon rocket failures preceding the successful attempt."

Vice President Richard M. Nixon in New York had told newsmen there were three such failures. He also commented there was no official proof that the Soviet rocket hit the moon as Moscow announced.

Even before today's report on Western instrument readings, U.S. scientists had assumed success for the Soviet trial and sent congratulations.

With respect to the report of previous Soviet tricks for a moon shot, a NASA spokesman said such information, if it were available, would be classified secret by the military. "And we are a non-classified agency."

The United States is known to be watching Soviet ballistic missiles launching tests with long range radar and conceivably could have knowledge of launching failures which the Soviets did not wish to announce.

UN Figures Reds Planning Big Surprise

BY MAX HARRELSON
UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly opens its 14th session today amid speculation that Soviet Premier Nikita Khrushchev is preparing a dramatic surprise as part of his speech here Friday.

Diplomats familiar with Soviet thinking expressed doubt that Khrushchev would pass up an opportunity such as this without a new proposal which would grab worldwide headlines.

Some such move was hinted at by Soviet Deputy Foreign Minister Vasily V. Kuznetsov, who said on his arrival in New York that this Assembly might well be a turning point. Kuznetsov will head the Soviet delegation after the departure of Foreign Minister Andrei Gromyko.

Delegates recalled that President Eisenhower in an address before the Assembly in 1953, caused a world sensation by proposing an international atom-for-peace agency. This has since then become a reality.

There was no indication as to what sort of proposal Khrushchev might make. The general expectation, however, was that he would make a bid for international cooperation on space exploration or

offer a new approach to the disarmament problem.

The opening of the 82-nation Assembly was completely overshadowed by the Khrushchev visit to the United States.

Today's session was limited to the election of officers and the organization of the powerful steering committee, which will get down to business Wednesday. Its first business will be whether to place on the agenda such controversial issues as the seating of Red China and the French-Algerian issue. The Assembly will deal with about 70 items.

U. S. Braces for Barrage of Propaganda

By JOHN N. HIGHTOWER

WASHINGTON (AP)—President Eisenhower and the State Department braced themselves today for a propaganda battle royal during Nikita Khrushchev's visit to the United States.

Probably nothing quite like it has ever been seen before, unless Vice President Richard M. Nixon's debate with Khrushchev in Moscow last July can be considered a precedent.

Khrushchev is expected to wage a selling campaign from Washington to the West Coast and back again in behalf of communism and Soviet policies for dealing with world problems.

Most of all of what he says, U. S. officials believe, will be contrary to the aims and interests of the United States and its allies in world affairs. The President has no intention of letting him have the field to himself.

Responsibility for meeting the challenge has been delegated principally to Ambassador Henry Cabot Lodge, U. S. representative at the United Nations and veteran of many clashes with the spokesmen of the Soviet Union and other Communist nations.

In addition, any assertions by Khrushchev that merit Eisenhower's personal attention and a White House statement to set the record straight will get such treatment.

And on Thursday morning, a few hours after Khrushchev leaves Washington for New York, Eisenhower will hold a news conference at which he can re-emphasize the U. S. position.

But Eisenhower has ruled out any public discussions between himself and his Soviet guest. He decided weeks ago that their talks should be private, forthright discussions of real policy differences and be devoid of propaganda coloration so far as possible.

Bond Issue Up in North Little Rock

NORTH LITTLE ROCK (AP)—

Two hotly contested bond issues go before the voters today with opponents of the issues confident and backers cautiously optimistic.

A vote of about 4,000 was forecast.

Mayor William F. Latham, chief supporter of the issues, said at an election eve rally last night:

"I think we can win if we can get out the vote."

One issue is for \$4,000,000 to finance all water properties in the city. The other is for 2,100,000 to modernize the city-owned electric distribution system.

Paul O. Duke and James D. Bobbitt, aldermen, leaders of the opposition, Duke predicted the issues would be defeated. The aldermen and Latham swapped in last night a newspaper advertisement.

The Bobbitt-Duke and attacks said in part:

"The mayor admits that he has lied about some things since he has been in office...how do you know he is giving all the facts about his bond issue?"

Latham's reply charged "slandering vilification" and said attorneys were studying possible action.

He invited the aldermen to debate the matter publicly but they declined.

Aides will accompany Khrushchev on his trip over the country as well as take part in the Washington activities beginning today.

"They are not going out looking for a fight. Their strategy is defensive. But the President wants to be ready to counter any line Khrushchev takes which may threaten American interests."

Chance Slim But Cleveland Still Hasn't Conceded

By JOE REICHLER
Associated Press Sports Writer

Strange how one victory can make a man adjust his point of view.

Sunday after his Cleveland Indians had been beaten twice in Yankee Stadium and Chicago had won to boost its first-place margin to 5½ games, manager Joe Gordon greeted reporters: "Come in and join the wake."

Monday after his Indians had knocked off the Yankees 3-5 while Boston was upending the White Sox 9-3, the same man said: "I'm not ready to concede. We've still got a chance."

"The chance is slim, but it's there. Take a look."

Chicago has nine games left to play to Cleveland's 10. If the White Sox win six, it's all over. Even if the Indians win all theirs. In other words, any combination of six will lift the White Sox to their first pennant in 40 years.

But here's the rub. All of Chicago's nine remaining games are against first division clubs — two against New York, six against Detroit and one against Cleveland. On the other hand, only one of the Indians' remaining 10 games are against a first division club: The Indians have seven against Kansas City and two against Boston.

In other American League games Washington blanked Detroit 5-0 and Baltimore whipped Kansas City 9-4.

In the National League, Milwaukee closed to within a game of first-place San Francisco, defeating Los Angeles 4-1 while Cincinnati was defeating the Giants by the same score.

Dick Donovan, seeking for the third time to post his 10th victory, carried a 2-0 lead into the sixth when the roof caved in. Before the Red Sox were through, 12 batters had gone to the plate and collected four hits, five walks and six runs off four Chicago pitchers.

Frank Malzone hit a two-run single. Ted Williams singled in a run as a pinch hitter and Gene Stephens also singled in a run. That was enough for Bill Monbouquette to register his seventh victory in a route-going job.

Cal McLish beat the Yankees for the sixth time this season. The big right-hander had a shut-out until the ninth when the Yan-

Squirrel Season Opens in Arkansas

By THE ASSOCIATED PRESS

Good hunting is in prospect for Arkansas sportsmen in the squirrel season which opened today. The season ends Dec. 31, making it two weeks longer than last year's.

Tom Mull, State Game and Fish Commission official, said hunting "over the whole state looks good." The daily limit is eight and the possession limit eight.

Squirrel hunters will be allowed in the National White River Wildlife Refuge this year for the first time in 24 years. The refuge season is Oct. 1-7.

Picks DeQueen to Edge Bobcats by Single Point

The Big Nine Conference begins playing for keeps this week after one round of warmups against Class AA opposition. And the El Dorado-Fort Smith game Friday night at Fort Smith promises to be one of the best of the year.

El Dorado is the defending champion, but the Wildcats lost considerable material via graduation, including two high school all-Americans. Fort Smith is tough this year with an especially strong defense.

Those two teams ranked with Pine Bluff, Little Rock Central and possibly Texarkana as the "first division" of the Big Nine in pre-season forecasts.

Fort Smith battered Van Buren last week 34-0 and El Dorado smashed Magnolia, another AA club, 41-0.

North Little Rock travels to Blytheville Friday night to take on Bill Hofer's puzzling Chicks who showed considerable merit in beating Osceola last week 20-7.

Pine Bluff, the general favorite to win the conference goes to Texarkana for the conference opener.

Little Rock Central 27, Paducah 19. The Tigers will depend on a tough defensive line but should get a good performance from their passing attack.

In some top Class AA games: Fayetteville should top Siloam Springs. Rogers did it last week. Fayetteville by 34-12.

Forrest City is a heavy favorite over DeWitt after its conquest of Conway. Forrest City by 27-0.

Stuttgart raised eyebrows last week with a 42-12 victory over West Memphis. The Ricebirds should take Benton by 20-7.

Catholic High, eager for revenge, looks like a 25-6 favorite over Camden, a loser last week to Fairview.

Malvern, fresh from wallpings over Sheridan and Morrilton, is a 27-13 favorite.

De Queen, the Class A power-

And Hall of Little Rock, which beat a tough Catholic High team last week, goes to Hot Springs for a bout with the Trojans.

Little Rock Central sees its first action of the year in a game with Paducah, Ky., at Paducah.

El Dorado 14, Fort Smith 0. Unless the passing attacks get rolling, both are big and tough in the line. El Dorado's halfbacks are faster. A real tossup.

North Little Rock 20, Blytheville 13. The Chicks will put up a good fight but the Wildcats have the manpower. A chance for an upset.

Hall 26, Hot Springs 13. The Trojans are hurt in the backfield and Hall's halfbacks should do considerable damage. Hall's line proved itself against Catholic High and loss to De Queen.

Pine Bluff 20, Texarkana 8. The Razorbacks had their big chance to beat Texarkana, Tex., last week and missed it. That should put them down for this important conference opener. And Pine Bluff has depth, strength and experience on the Hogs.

Little Rock Central 27, Paducah 19. The Tigers will depend on a tough defensive line but should get a good performance from their passing attack.

If the Milwaukee Braves wanted to ask "who's choking up?" you couldn't blame them.

Remember three years ago when the Braves were accused of checking up after they had blown a four-game lead to the Dodgers in the final three weeks?

Well, things have a way of reversing themselves.

A vital 4-1 victory over the Dodgers Monday night, not only boosted the Braves into undisputed possession of second place, one game behind the league-leading San Francisco Giants, but gave them their eighth victory in the last nine games.

During the same period, both the Giants and Dodgers, now in third place, two games off the pace, have played barely over .500 ball, winning five while losing four.

Cincinnati Reds inflicted a stunning 4-1 defeat upon the Giants in the only other league game played.

In the American League, Cleveland narrowed Chicago's first place lead to 4½ games, defeating New York 3-5 while Boston was beating the White Sox 9-3. Washington shut out Detroit 5-0 and Baltimore walloped Kansas City 9-4.

Each of the top three contenders have 11 games remaining. The Braves will have a golden opportunity this weekend when they meet the last place Phillies while the Giants and Dodgers are battling each other.

It took a tremendous pitching performance by Don McMahon to preserve Milwaukee's victory. Bob Buhl, a long-time Dodger nemesis, appeared about to cement his 13th victory, fifth against Los Angeles this season, as he entered the last of the ninth, leading 4-1. He had allowed run by Wally Moon. Then, just the Dodgers only one hit a home like that, the Dodgers loaded the bases with nobody out on a walk and two infield singles.

That was the signal for manager Fred Haney to summon McMahon from the bullpen. The big strong right-hander was superb, soft liner to second baseman Felix Mantilla, then threw three strikes past Gil Hodges and Johnny Roseboro. The Coliseum crowd of 53,767 could hardly believe it.

Jim Brosnan, usually a reliever, started on a last minute pitching change, and Dutch Dotterer, an early inning substitute catcher, combined to give the Reds their 4-1 victory over the Giants. Dotterer, who entered the game in the second when starter Ed Bailey was tossed out for arguing over a decision, drove in two runs with a pair of singles. John Temple drove in the first run with a home run and Whitey Lockman batted in the last one with a double. Willie Mays, with his 30th homer, accounted for the lone Giant run.
